June **THIS SECOND AMENDMENT** (the "Second Amendment") is made as of the 14<sup>th</sup> day of 1999, by **PANTHER RIDGE COMMUNITIES, LTD.**, a Florida limited partnership (the "Declarant").

**WITNESSETH:**

**WHEREAS**, Declarant has heretofore executed and filed of record, that certain Declaration of Protective Covenants for Foxwood at Panther Ridge, dated November 14, 1997, and, recorded in O.R. Book 1535, Page 4540, of the Public Records of Manatee County, Florida, as amended and supplemented (the "Declaration"); and

**WHEREAS**, Section 9.12(l) of the Declaration requires compliance by each Owner and the Association with the requirements of the ERP and the ERP Plans; and

**WHEREAS**, SWFWMD has directed that Declarant amend the Declaration to set forth in detail some of the requirements and restrictions of the ERP and the ERP Plans, in clarification of Section 9.12(l); and

**WHEREAS**, Declarant wishes to amend the Declaration accordingly, pursuant to Section 10.05(a) thereof;

**NOW, THEREFORE**, Declarant hereby amends the Declaration as follows:

1. **Recitals and Definitions.** The recitals contained hereinabove are true and correct and are incorporated herein by reference. Capitalized terms used herein shall have the meaning given them in the Declaration unless the context otherwise clearly indicates.

2. **Creation of New Section 9.12(q).** A new Section 9.12(q) is created and added to the Declaration, to read as follows:

"(q) Without limiting the generality of Section 9.12(l) above, each Owner and the Association shall comply with the following specific provisions of the ERP:

- (i) Each Tract shall have a minimum 75 foot vegetated buffer upland of all wetlands, which buffer includes a 25 foot perpetually undisturbed buffer over the 25 feet

nearest to the wetlands. In addition, there shall be a 75 foot vegetated buffer adjacent to all off-site property lines.

- (ii) No Owner may construct or maintain any building, residence, or structure, or undertake or perform any activity in the wetlands, the 25 foot perpetually undisturbed buffer areas, or the drainage easements described in the ERP, unless prior approval is received from SWFWMD Venice Regulation Department.
- (iii) Only minimal impacts are allowed within the landward 50 feet of the 75 foot vegetated buffer, and none within the 25 foot perpetually undisturbed buffer surrounding wetlands.
- (iv) No Owner may construct or maintain any building, residence or structure, or apply fertilizers, pesticides or herbicides within the 75 foot vegetated buffer adjacent to all off-site property lines. All Owners are encouraged to maintain the existing 75 foot vegetated buffer in its existing natural vegetative condition.

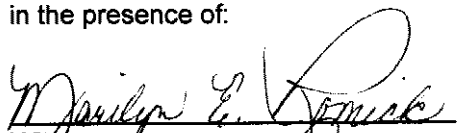

SWFWMD reserves the right to require the Association to perform corrective actions if SWFWMD determines a pattern of non-compliance with regard to the extent of construction or application of fertilizers, pesticides or herbicides within the wetlands and other perpetually undisturbed buffer areas and drainage easements, as described above and Violation of the specific condition may result in the Subdivision not being certified to comply with state water quality standards pursuant to Section 401, Public Law 92-500, 33 USC Section 1341."

**4.03. Drainage and Utility Easements.** There is hereby created and established perpetual, non-exclusive easements over, across, under and through (i) those parts of the Tracts lying adjacent to and within twenty-five (25) feet of the right of way of any Road established pursuant to Section 4.01 and any public street or highway adjacent to the Subdivision (the "Drainage Easements"), and (ii) those parts of the Tracts lying within twelve and one-half (12½) feet of all Tract boundaries other than those adjacent to a Road or public highway (the "Utility Easements").

(a) Both the Drainage Easements and the Utility Easements shall be for the purposes of drainage and utilities, and shall be in favor of the Declarant (prior to the Turnover Date), the Association, governments having jurisdiction, Peace River Electric Cooperative, Inc., GTE Corporation, and other suppliers of utility services, as the context may require. Declarant, prior to the Turnover Date, and the Association thereafter, may grant or assign additional non-exclusive easements to governments having jurisdiction and suppliers of utility services for the purpose of confirming rights with respect to the installation, maintenance, repair and replacement of drainage and utility services and facilities within such easements, such grants or consent to be without necessity of approval by the Owners. For the purposes hereof, utilities shall mean potable water supply, sanitary sewer service, irrigation water supply, electric power, gas, telephone, cable TV and other telecommunication services, and other services commonly recognized as utility services or determined by the Board to be a utility service. The purpose of such easements shall include the right to install, maintain, repair, replace and operate such drainage and utility installations and facilities, together with the reasonable right of access associated with carrying out such other purposes.

(b) The Drainage Easements shall also be for the purpose of

landscaping, whether such landscaping be furnished and installed by the Declarant, prior to the Turnover Date, or thereafter by the Association with approval by the Owners of sixty-seven (67%) percent of all Tracts in the Subdivision. The Association shall maintain, repair and replace all landscaping so installed as a Common Expense. The Declarant, prior to the Turnover Date, and the Association through the Board thereafter, may from time to time enter into agreements with Owners of Tracts, under the terms of which portions of such landscaping located within in the Drainage Easements or any portion of a Road may be irrigated by use of a well and pump located on a Tract and maintained by the Owner of such Tract. So long as such agreement or agreements are in effect, the Association shall, as a Common Expense, maintain, repair and replace all irrigation facilities and lines extending to the pump located on such Tract, and shall reimburse the Owner of such Tract(s) such reasonable amounts to defray costs of electricity and maintenance of such pump and well as may be provided in such separate agreements. Nothing contained herein shall obligate the Association to provide such irrigation in the absence of such agreements with the Owners of adjacent Tracts, or after such agreements may have expired or been terminated in accordance with their terms.

**4.04. Description of Common Property.** The Common Property will include such real property and interests therein, including easements, rights of way, licenses, use rights, servitudes and items of tangible personal property, that are now or may hereinafter be specifically set aside, designated, reserved, granted, assigned, transferred or deeded to the Association, or otherwise established and designated as Common Property by Declarant, or by others with the written consent of Declarant prior to the Turnover Date, and with the written consent of the Association thereafter. Common Property may also be acquired by the Association after the Turnover Date. Common Property is intended to include the following:

- (a) A perpetual, non-exclusive easement for recreational and such other purposes as are provided herein over those areas lying between the southerly right of way line of State Road 70 and the northerly boundary of the Tracts adjacent thereto, substantially as depicted on the Site Plan (the "Rail Trail.")
- (b) A community park ("Foxwood Park"), to be located substantially as depicted on the Site Plan.
- (c) Certain areas within the Subdivision (the "Equestrian Trails") as determined, located and designated by the Declarant. Tentative proposed location of some Equestrian Trails are reflected on the Site Plan. Actual location of the Equestrian Trails will be as determined by Declarant, and may or may not be as reflected on the Site Plan.
- (d) A perpetual easement (the "Entry Easement") located substantially as depicted on the Site Plan.

- (e) Any and all sod, landscaping material, signage, lights and electrical connections, irrigation systems, decorative or functional walls, fences, structures and facilities, and other improvements, together with any associated utility lines or installations, located within the Entry Easement, and any adjacent part of a right of way forming an entry to the Subdivision.
- (f) The interest of the Association in the Drainage Easements, Utility Easements and Surface Water Management System.
- (g) Such additional Common Property as Declarant may elect to add or that may be acquired by the Association as hereinafter provided.

The Association shall maintain the Common Property, with the cost thereof being a Common Expense, subject to the provisions of Section 4.05.

**4.05. Rail Trail.** The Rail Trail is intended to serve as a linear park and be primarily a passive recreational facility and amenity. Declarant reserves the right to locate and designate parts of the Rail Trail as Equestrian Trails. The Rail Trail will provide a buffer area for the Subdivision, and may also be used for landscaping, drainage and utilities in the manner and on the terms provided herein for the Drainage Easements. The Rail Trail shall be further subject to these provisions.

**(a) Rights of Others in Rail Trail.** Declarant expressly reserves the right to grant to, or provide for, owners and residents of other residential subdivisions and developments in the vicinity of the Subdivision to have and enjoy the right to use the Rail Trail in common with the Owners of the Subdivision ("Shared Rights"). In such event, if the Association is obligated to maintain the Rail Trail, then such others having Shared Rights therein, through their respective homeowner association(s), shall be required to contribute a fair and reasonable share of the cost of such maintenance to the Association. In the alternative, Declarant reserves the right to terminate the Association's obligation to maintain the Rail Trail and to assign and delegate that maintenance responsibility to another homeowners, property owners, community or master association (the "Community Association") having administrative responsibility for the other subdivisions or developments having Shared Rights in the Rail Trail (the "Maintenance Transfer"). If the Maintenance Transfer occurs, it shall be on terms and conditions specified by Declarant, but which will include the following:

- (i) The Owners of this Subdivision will be granted perpetual, non-exclusive Shared Rights with respect to any westerly extension or continuation of the Rail Trail, by whatever name known, which is maintained and administered by the Community Association (the "Trail Extension"). The Shared Rights in the Trail Extension shall be deemed Common Property.
- (ii) In lieu of its maintenance obligation for the Rail Trail (and the Trail Extension), this Association shall, as a Common Expense, contribute

a fair and reasonable share of the cost of the maintenance and repair of the Rail Trail and the Trail Extension. The share payable by the Association shall be determined by Declarant, and be binding on the Association and all Owners, provided that the determination thereof is on a fair and reasonable basis. A share based upon proportionate numbers of Tracts or lots having Shared Rights shall be deemed fair and reasonable. Declarant shall provide a mechanism for certification of cost and the time for payment by the Association, in default of which the Association shall become liable for Delinquency Charges (hereinafter defined) to the Community Association with respect to amounts not timely paid.

- (iii) Use of the Rail Trail and the Trail Extension shall be subject to reasonable rules and regulations promulgated from time to time by the Community Association, provided same are not discriminatory against residents of this Subdivision.
- (iv) The Association shall not be responsible for costs of improvements to, as opposed to maintenance and repair of, the Rail Trail and Trail Extension. The Association shall, however, be required to contribute its share of maintenance, including maintenance of any improvements made by the Community Association.
- (v) In the event of the Maintenance Transfer, Declarant will convey the Rail Trail to the Community Association, subject to the rights of the Association and Owners of this Subdivision.

**(b) Purpose.** The Rail Trail (and the Trail Extension if applicable) is intended to provide a passive linear park, primarily in a natural state. Declarant may, but is not obligated to, make minimal improvements appropriate to the purpose, or provide certain facilities such as benches. Declarant may designate portions of the Rail Trail and Trail Extension as an Equestrian Trail.

**(c) No Transfer.** If Declarant does not elect the Maintenance Transfer prior to the Turnover Date, then and in that event, Declarant may, at Declarant's option, at any time thereafter convey the fee underlying the Rail Trail to the Association as Common Property as generally provided for other Common Property, such conveyance to be subject to perpetual, non-exclusive easements for any Shared Rights granted with respect thereto.

**4.06. Foxwood Park.** Foxwood Park shall be for the purposes of affording a passive recreational area and facilities for the residents of the Subdivision. Declarant intends to improve the Foxwood Park by constructing a picnic shelter and by providing a multi-use athletic field. Declarant reserves the right, but not the obligation, in its sole discretion to add additional features, facilities and improvements. Declarant also reserves the right to grant Shared Rights with respect to Foxwood Park to the neighboring subdivisions and developments in the vicinity of the Subdivision as provided in Section 5.03.

**4.07. Equestrian Trails.** The Equestrian Trails shall be for the purpose of Equestrian, hiking and bicycle trails, and may also be used for landscaping, drainage and utilities in the same manner and on the same terms and conditions as provided by Drainage Easements. Declarant may grant Shared Rights in the Equestrian Trails pursuant to Section 5.03.

**4.08. Entry Easement.** The Entry Easement shall be for the purpose of providing an attractive, landscaped entry to the Subdivision. The Association shall maintain the Entry Easement and improvements thereto and facilities therein as a Common Expense. If the Association shall fail to maintain the Entry Easement in a good and attractive condition, then after reasonable notice and opportunity to correct such deficiency, given by the owner of the fee underlying the Entry Easement, such fee owner may effect such maintenance, and be entitled to reimbursement from the Association for all reasonable costs thereof. Any such reimbursable amounts not paid within thirty days of a statement therefore, shall bear interest at the highest rate permitted by law.

**4.09. Use Restrictions** The Rail Trail, Trail Extension and Equestrian Trails shall in no event be used by motorized vehicles, such as but not necessarily limited to automobiles, trucks, tractors, motorcycles, golf carts, all terrain vehicles or motor scooters; provided, however, that this provision shall not apply to emergency vehicles carrying out official duties or to vehicles reasonably necessary for carrying out construction or maintenance thereof.

**4.10. Members' Easement of Enjoyment.** Every Member shall have a non-exclusive easement for the use and enjoyment of the Common Property for its intended purposes. Said easement is appurtenant to, and passes with such Member's Tract. Any Owner may delegate his right of use of the Common Property to the members of his family, tenants or social guests, subject to this Declaration. No Owner may exempt himself from personal liability for Assessments nor release the Tract owned by him from the liens and charges for such Assessments by waiver of the use and enjoyment of the Common Property, or the non-use thereof, or by abandonment of his Tract. The rights and easements of enjoyment in the Common Property are subject to reasonable rules and regulations governing the use of the Common Property adopted by the Board pursuant hereto, reasonable rules and regulations with respect to the Rail Trail and Trail Extension adopted by the Community Association, the terms of this Declaration, any ERP and the terms of all governmental approvals and the rights of County.

**4.11. Transfer of Maintenance.** In addition to Declarant's right to elect the Maintenance Transfer as above described, the Association, if so determined by the Board, may transfer the maintenance responsibility for any item or items for which the Association has maintenance responsibility, to any special tax district, taxing unit, or other public agency, authority or entity organized or having jurisdiction of such matters, without the necessity of Member approval, provided that such governmental authority or entity accepts such maintenance responsibility.

**4.12. Title to Common Property.** Declarant agrees that it will transfer the Common Property to the Association no later than ninety (90) days after the Turnover

Date, such transfer to be free and clear of all liens and encumbrances, except ad valorem taxes for the year in which the transfer takes place, the provisions of this Declaration, any Shared Rights therein, and easements, other rights and reservations of record, none of which shall unreasonably interfere with the use of the Common Property for its intended purpose. Any conveyance shall be by fee simple deed, and the Association agrees to accept such deed and pay for the documentary stamps required to be affixed to the instrument(s) of transfer and for the cost of recording the instrument(s) of transfer and finding title insurance or survey desired by the Board. Prior to such transfer, Declarant may retain ownership of any and all parts of the Common Property, subject to the Members' easement of enjoyment, and may encumber all or any part thereof by such mortgages as Declarant may determine. Notwithstanding retained ownership by Declarant, the Association shall be required to carry out its maintenance and other responsibilities with respect to such parts of the Common Property as have been made available for the use of the Members. Declarant also reserves the right to convey fee interest to the Rail Trail and Trail Extension to the Community Association as above provided.

## **ARTICLE 5 SHARED FACILITIES**

Declarant or others may establish other communities as other sections of Panther Ridge or otherwise within the vicinity of the Subdivision, and such other communities may contain recreational or other facilities or amenities, such as parks, buffers, and biking and equestrian trails (the "Other Facilities"). Although there is no obligation to do so, either Declarant or others may offer to residents of the Subdivision Shared Rights with respect to the use of the Other Facilities. If Other Facilities are made available to the Subdivision, the Association may elect Shared Rights in such Other Facilities pursuant to the provisions of this Article.

**5.01. Terms of Offer.** If Other Facilities are made available to the Subdivision, Shared Rights of the Subdivision shall be on such terms, conditions and obligations as contained in the offer. Any such offer will contain a requirement that this Association pay a fair share of the costs and expenses associated with ownership, use, operation, maintenance, improvement and replacement of the Other Facilities. In such event this Association's share of such costs will be a Common Expense. Such offer may include a requirement that some or all of the Common Property be merged with and become a part of the Other Facilities, and that residents of such other communities shall have Shared Rights in the Common Property. Such offer may also require that the Association transfer and convey title to Common Property or an interest therein to one or more other associations. The Association shall be authorized to make such transfer if the offer is approved as provided in Section 5.02.

**5.02. Election to Participate.** This Subdivision may acquire Shared Rights with respect to such Other Facilities upon approval by vote of the Owners of two thirds of all of the Tracts within the Subdivision.

**5.03. Shared Rights in Common Property** In addition, Declarant reserves

the right, without the approval of any Owner, to grant Shared Rights in any of the Common Property to the owners and residents of such other subdivisions and communities in the vicinity of the Subdivision on terms and conditions determined by Declarant, provided that those to whom Shared Rights in Common Property are granted will be required to contribute a fair and reasonable share of the cost of maintenance thereof.

## ARTICLE 6 ASSESSMENTS

**6.01. Personal Obligation and Lien for Assessments.** Each Owner covenants and agrees to pay to the Association all Assessments levied with respect to each Tract in which such Owner has an ownership interest. Each Assessment, together with Delinquency Charges (hereinafter defined), is the personal obligation of the Owner of a Tract at the time when the Assessment is due and shall remain the personal obligation of such Owner notwithstanding that such Owner may no longer own the Tract. The personal obligation shall not pass to the successors in title of an Owner unless expressly assumed by such successors. All Assessments, together with Delinquency Charges, shall also be a charge on the land and a continuing lien upon the Tract with respect to which such Assessment is levied. The Association may record in the Public Records a "Notice of Lien" setting forth amounts claimed due the Association as to any one or more Tracts. The execution and recording of such notice is not required in order for the continuing lien for Assessments to be valid.

**6.02. Purposes of Assessments.** Assessments levied by the Association shall be used only for the purposes set forth in this Declaration, the Articles and Bylaws.

**6.03. Budget.** For each fiscal year, the Board shall prepare and adopt an annual budget reflecting the estimated revenues and expenses for the fiscal year and the estimated surplus or deficit as of the end of the year immediately preceding the fiscal year. The budget shall include any amounts established for reserves and may include reasonable contingency funds. The budget shall set out separately all fees or charges for recreational amenities, if any, whether owned by the Association, Declarant or others. Each Member shall be provided either with a copy of the annual budget or a written notice that a copy of the budget is available upon request at no charge to the Member. Such copy must be provided within 10 business days after receipt of a written request by the Association. The budget shall be adopted not later than thirty (30) days prior to the beginning of each fiscal year. Estimated revenues shall include the proposed Regular Assessments. Failure of the Board to prepare, submit or adopt a budget in a timely manner or as otherwise provided herein shall not affect the validity of the budget once adopted, nor any Assessment adopted by the Board.

**6.04. Regular Assessments.** Upon adoption of the annual budget, the Board shall levy an annual Assessment against each Tract subject to assessment in the amount reflected in the budget (the "Regular Assessment"). The Board shall also determine the time and manner of payment of the Regular Assessment. Written notice of

the Regular Assessment shall be sent to every Owner. Each Owner shall thereafter pay the Regular Assessment to the Association at such times and in such installments as may be established by the Board and set forth in such notice. If the Regular Assessment is payable in installments, it shall not be necessary to send a notice to each Owner for each installment, a single notice being sufficient.

**6.05. Special Assessments.** In addition to the recurring Regular Assessment, the Association may levy such other Assessments (the "Special Assessments") as are determined to be necessary or desirable in carrying out its responsibilities and duties under this Declaration. The amount and purpose of all Special Assessments shall be established by the Board, unless otherwise provided. All Special Assessments shall be due and payable at such times and in such installments as may be determined by the Board. No Special Assessment for Common Expenses may exceed fifteen (15%) of the annual budgeted Common Expense unless approved by a majority of the Owners. No Special Assessment for improvements to, rather than maintenance of, the Roads, the Common Property, or any easement maintained by the Association may be levied unless approved by two-thirds vote of the Owners. In addition to Special Assessments for Common Expenses, a Special Assessment shall be levied by the Board against a Tract and its Owner to reimburse the Association for costs incurred in bringing the Owner of such Tract into compliance with this Declaration, and, if the Association provides materials or services that benefit individual Tracts, but which can be accepted or not by the Owner, then the amount paid or incurred by the Association on behalf of an Owner accepting or subscribing to such material or service shall be a Special Assessment against such Owner and his Tract. In addition, any fine approved and assessed pursuant to the Bylaws shall be a Special Assessment with respect to the Owner against whom such fine is levied. The Declarant shall not be liable for any Special Assessment prior to the Turnover Date, unless the Declarant consents thereto in writing.

**6.06. Sharing of Common Expense.** Tracts shall each bear an equal share of the Common Expense. All Assessments for Common Expenses shall be levied in the proportion by which the Tracts share the Common Expense, each Tract bearing an equal share. Special Assessments for Common Expenses shall likewise be levied in such proportion. Special Assessments for other than Common Expenses authorized hereby may not be uniform in amount or levied in the same proportions as Assessments for Common Expenses because of their nature.

**6.07. Commencement of Regular Assessments.** Regular Assessments shall commence effective as of January 1, 1998.

**6.08. Certificate of Payment.** The Association shall, upon request, furnish to any Owner a certificate in writing signed by an officer or authorized agent setting forth whether the Assessments on a specified Tract have been paid, and the date and amount, if known, of the next Assessments or installments coming due, together with the amount of any delinquency. Such certificate shall be conclusive evidence of payment of any Assessment therein stated to have been paid as to third parties without notice of facts to the contrary.

**6.09. Reserves.** The Board may establish reserve accounts funded from Regular Assessments in reasonable amounts for such purposes and in such categories as are determined by the Board.

**6.10. No Offsets.** All Assessments shall be payable in the amount specified and no offsets shall be permitted for any reason, including without limitation, a claim that the Association is not properly exercising its authorities and carrying out its responsibilities as provided in this Declaration.

**6.11. Rights of Mortgagees.** Assessments against a Tract accruing prior to the recordation of a mortgage or after the acquisition of title as a result of foreclosure or conveyance in lieu of foreclosure shall be a lien against such Tract in the manner generally provided for herein. The lien of all Assessments provided for herein which accrue and become due and payable with respect to any Tract after a mortgage is recorded with respect thereto, but prior to the transfer or conveyance of title as a result of a foreclosure or a conveyance in lieu of such foreclosure, shall be subordinate to the lien of such mortgage, except for any such Assessments that are secured by a Notice of Lien recorded in the Public Records prior to the recordation of such mortgage.

**6.12. Delinquency Charges.** All Assessments and other amounts due the Association pursuant to this Declaration shall bear interest at the highest rate permitted by law then in effect, or such lower rate as the Board may from time to time determine. If any such Assessment is not paid when due, then a late charge shall be levied. The initial late charge shall be \$10.00. The Board may from time to time increase the amount of the late charge authorized hereby, taking into consideration the declining purchasing power of the United States dollar, the costs reasonably expected to be incurred by the Association as a result of following up such delinquency, and the effectiveness of such late charge in assuring prompt and timely payment of Assessments. The liens in favor of the Association shall secure the amount of the Assessment, all interest accruing thereon, late charges and all costs incident to the collection thereof including a reasonable attorney's fee, whether enforced by suit or otherwise and, if by suit, whether at trial or any appellate level, and including fees for paralegals. The Association shall be entitled to recover such interest, late charges, costs and fees from any Owner personally liable for the Assessment as to which they apply. Such late charges, interest, costs and fees shall be collectively referred to as "Delinquency Charges."

**6.13. Remedies of Association Upon Non-Payment.** If any Assessment or installment thereof is not paid by the due date specified by the Board, then such Assessment (including the full amount of any such Assessment accelerated by the Board in accordance with the Bylaws) shall be delinquent and shall, together with Delinquency Charges with respect thereto, be a continuing lien on the Tract against which such Assessment was levied, binding the Owner thereof, his heirs, personal representatives, tenants, successors and assigns. Prior to bringing an action for foreclosure of a lien, the Association shall record a Notice of Lien among the Public Records unless in the opinion of the Board recording such notice is contrary to or prohibited by any then existing court order, statute or rule. A copy of such notice, whether recorded or not, shall be sent to the then Owner by United States mail, either certified or registered, return receipt requested

at the Owner's address on the Association's records. Failure of the Association to obtain a receipt shall not prevent enforcement of a lien. If such Assessments, together with Delinquency Charges with respect thereto, are not paid in full within thirty (30) days after the date such notice is deposited in the United States mails, then thereafter the Association may institute suit to foreclose its lien. The recorded Notice shall secure not only the Assessments and Delinquency Charges reflected therein, but all unpaid Assessments and Delinquency Charges with respect to all such amounts which may accrue subsequent to the recordation of such Notice and prior to the entry of a final judgment of foreclosure. The Association may at any time bring an action at law with respect to any Assessments and Delinquency Charges then due and payable but which have not been paid. Upon the timely payment or other satisfaction of all amounts specified in a Notice of Lien and all other Assessments and amounts which have become due and payable with respect to such Tract as to which such notice was recorded, together with Delinquency Charges as may be applicable, the Association shall furnish a release of such notice in recordable form, but shall not be responsible for the cost of recording.

**6.14. Declarant Assessment.** Declarant is obligated to pay any operating expenses incurred by the Association which exceed (a) the Assessments receivable from Members other than Declarant, plus (b) other income of the Association, which may include Capital Contributions (the "Deficiency"). Notwithstanding any provision of this Declaration, the Articles or Bylaws to the contrary, Declarant shall not be obligated for, nor subject to, any Assessment for any Tract that it may own, for the period of time beginning on the date of recording of the Declaration and ending when the Declarant's obligation to fund the Deficiency is withdrawn or deemed withdrawn hereunder. Declarant's obligation to pay the Deficiency may be withdrawn by Declarant at any time, and if not sooner withdrawn, shall be deemed withdrawn on the Transition Date.

**6.15. Capital Contribution.** At the time legal title to a Tract is conveyed by Declarant to an Owner, there shall be a one time contribution in the amount of \$120.00 (the "Capital Contribution") payable to the Association by such Owner. Capital Contributions may be expended for regular Common Expenses, added to reserves, or set aside for improvements, as may be determined by the Board.

## ARTICLE 7 DUTIES AND POWERS OF ASSOCIATION

**7.01. General Duties and Powers.** In addition to the duties and powers enumerated herein and under the Articles and Bylaws, and without limiting the generality thereof, the Association shall:

- (a) levy and enforce Assessments and otherwise enforce this Declaration, the Articles, Bylaws and rules and regulations adopted pursuant thereto by appropriate means and carry out the duties and authority of the Association hereunder;
- (b) contract for and maintain such policy or policies of insurance as may

be required hereunder or as the Board deems necessary or desirable;

- (c) have the power of entry upon any Tract as reasonably necessary in connection with the carrying out of Association responsibilities hereunder;
- (d) have the power to negotiate and contract for such materials and services for the benefit of Owners who subscribe to or elect to accept such materials or services, with payment for same to be (i) separately billed to the Owners or (ii) advanced by the Association with the cost thereof assessed against the Owner(s) who subscribe to or accept such materials or services as a Special Assessment;
- (e) have the power and authority to dedicate to the public, with or without acceptance for maintenance by governmental authority, all or any part of any easements forming a part of a Road, such dedication to be without necessity of consent or joinder by the owner of the fee simple interest in the Tract or Tracts underlying any such easement, such right of dedication being limited, however, to the easement interest of the Association therein.
- (f) have the authority to maintain or supplement the maintenance of any landscaping within or adjacent to any Road, or the improvements to such Road, to the extent that same is not maintained by public authorities at an acceptable level, as determined by the Board.
- (g) have the authority and duty to maintain the Surface Water Management System as required by the ERP, but only to the extent Manatee County has not accepted responsibility for such maintenance.
- (h) have the authority to accept conveyances of land and other interests in land, and to maintain any such property as required by this Declaration or as determined by the Board.

**7.02. Implied Powers of the Association.** The Association shall have all the power and authority reasonably necessary for it to carry out its duties and rights set forth in this Declaration, the Articles or Bylaws, including any right or power reasonably to be inferred from the existence of any other right, power, duty or obligation given to it or reasonably necessary to effectuate its duties hereunder.

**7.03. Indemnification by Association.** The Association shall indemnify and hold harmless each Owner with respect to all claims, demands, damages and causes of action against such Owner, but only with respect to the following circumstances:

- (a) Any claim of personal injury or property damage arising out of the carrying out by the Association of its right or duty to maintain, repair or

replace any improvements, installations or facilities within any easement in favor of the Association located upon such Tract.

(b) Any lien or claim for payment for services, materials or both with respect to the carrying out of such right or duty of maintenance, repair or replacement by the Association with respect to any such easement in favor of the Association located within such Tract.

(c) Any other claims for personal injury or property damage arising out the Association carrying out any right or duty pursuant to the Declaration upon or within the Tract of such Owner.

The indemnification provided for herein shall not extend to nor include claims against an Owner based up on the negligence or willful conduct of such Owner or those for whom he is responsible hereunder. Such indemnification shall, however, include the reasonable costs incurred by such Owner in defending any claim to which indemnification is applicable pursuant hereto.

**7.04. Transfer of Surface Water Management System Upon Dissolution.** If the Association is dissolved, all property of the Association that consists of the Surface Water Management System shall either be conveyed to an appropriate agency of local government, or if not accepted by such agency, then dedicated to a not-for-profit corporation similar to the Association. The obligation to transfer established in this Section shall not apply if the Association is administratively dissolved by the Florida Department of State under circumstances in which the Association does not intend dissolution, which intent is subsequently confirmed by the reinstatement of the Association.

## ARTICLE 8 INSURANCE AND RECONSTRUCTION

**8.01. Insurance by Association.** The Association shall obtain and continue in effect such insurance in such amounts and coverages as the Board shall from time to time determine to be appropriate, necessary or desirable. All costs associated with such insurance shall be a Common Expense.

**8.02. Owner's Insurance.** Each Owner shall be responsible for obtaining and maintaining in effect all such casualty, liability and other insurance with respect to such Owner and such Owner's Tract as the Owner may from time to time determine. The Association shall not obtain any such insurance on behalf of an Owner, nor shall the Association insure the Tracts or improvements thereto in any manner.

**8.03. Destruction of Improvements.** If any structure upon a Tract is substantially damaged or destroyed, the Owner thereof shall, within a reasonable time after such casualty, remove all debris and portions of the improvements that cannot be preserved for incorporation into the replacement structure. Dangerous conditions shall be addressed and neutralized immediately. The Owner shall either repair, rebuild or

reconstruct the improvements as soon after such casualty as may be practical, or raze and remove such damaged structure.

## ARTICLE 9 USE AND BUILDING RESTRICTIONS

The following restrictions, conditions and agreements are hereby imposed upon the Subdivision and shall apply to all Owners and their tenants and their respective guests, families, invitees, agents, employees, contractors, licensees and all other persons occupying such Tracts or in actual or constructive possession or control thereof.

**9.01. Residential Use.** Each Tract shall be used for single family residential purposes in accordance applicable zoning and governmental land use regulations and this Declaration. No dwelling structure shall be occupied by more than one family, its domestic employees, and guests.

**9.02. Vehicles.** The following provisions shall govern the parking of vehicles within the Subdivision.

(a) Passenger vehicles, including cars, station wagons, passenger vans, passenger minivans, sport utility vehicles and pickup trucks providing primary transportation for one or more residents of a Tract, and other vehicles primarily intended and used to provide transportation for passengers, may be parked and kept within any Tract in numbers not deemed unreasonable with the Board.

(b) Tractor trailers, oversized trucks and other commercial vehicles shall not be kept or parked within the Subdivision, except for temporary loading and unloading.

Recognizing that classification and use of vehicles evolves over time, and that on occasion it may be difficult to determine if a specific vehicle or vehicle type is permitted, restricted or prohibited by this Section, it is the intent of this Section that standard size vehicles, the purpose and use of which is predominantly for personal transportation, are permitted under Subsection (a), notwithstanding that such vehicle may have lettering or a sign attached to or painted on the side of such vehicle announcing a commercial enterprise or that the vehicle may also be used for transportation of passengers carrying out commercial enterprises. Vehicles prohibited under Subsection (b) are those which by design, nature, use or appearance are clearly commercial vehicles of significant size, the parking of which within the Subdivision would tend to degrade the appearance and values of the Subdivision. The Board shall have the authority from time to time to adopt and amend standards of interpretation of this Section, providing in more detail for the delineation of different vehicles and different vehicle types, and the Board may further determine which category is applicable to a specific vehicle. In making such decisions, the Board may take into consideration the general condition and appearance of the vehicle in question. All such determinations and standards adopted by the Board shall be conclusive for all

purposes hereunder.

**9.03. Recreational Vehicles.** No trailer, camper, motor home, boat, boat trailer, canoe, motorcycle or other recreational vehicle shall be permitted to remain upon a Tract other than for temporary parking, unless parked or stored to the rear of a structure on the Tract. All mechanized recreational vehicles shall be in good operating and working condition, unless kept within an enclosed garage. All boats must be stored on trailers.

**9.04. Inoperative Vehicles.** No inoperative car, truck, van, trailer, recreational or other vehicle may be kept on any Tract for more than seven (7) days unless kept within an enclosed garage.

**9.05. Animals.** No animals shall be kept within the Subdivision for any commercial purpose, or in such a manner as to cause noxious odors to escape to nearby Tracts. The keeping of hogs, poultry, fowl, or grazing animals other than horses is prohibited throughout the Subdivision.

**9.06. Trash.** Weeds, trash, rubbish, garbage, debris and other unsightly material shall not be allowed to accumulate on any Tract and shall promptly and regularly be removed therefrom. All garbage, trash, refuse and rubbish shall be deposited and kept in enclosed containers appropriate to their contents. Such containers shall be maintained in a clean and sanitary condition,

**9.07. Nuisances.** No noxious or offensive activity shall be carried out on any Tract, nor shall anything be done or placed thereon that is or may become a nuisance, or cause unreasonable disturbance or annoyance to any occupant of the Subdivision, or cause unreasonable interference with the peaceful enjoyment of any Tract.

**9.08. Temporary Structures and Mobile Homes.** No structure of a temporary nature and no mobile home may be kept within the Subdivision.

**9.09. Signs.** No sign shall be permitted upon any Tract within the Subdivision, other than the following:

(a) One sign of a reasonable size, as approved by the Building Review Board, containing the names of the residents, street address or both.

(b) One sign announcing that the Tract is "For Sale," "Model Home," or "For Rent," including usual or customary information provided in such signs, provided that such sign (including all component parts thereof other than supports) shall not exceed 16 square feet in area.

(c) During the period of construction activity only, one sign announcing the name of the contractor, subcontractors, suppliers or any combination thereof, not to exceed a total area (exclusive of supports) of sixteen (16) square feet. Such sign shall be removed promptly upon completion of

construction activity, and in all events, within ten (10) days thereof.

**(d)** Political signs of reasonable size and numbers, espousing candidates or issues on local ballots during the period of campaigning, all such signs to be removed within seven (7) days of the final election with respect to such candidate or issue.

**(e)** Temporary signs announcing or providing information with respect to events occurring on a Tract, such as, but not limited to, signs announcing an open house, auction, estate or similar sale, or social event.

The Building Review Board may, in its discretion, grant approval for additional temporary signs and displays not contemplated hereby, including signs for model homes. In calculating sign area, only one side of the sign shall be considered.

**9.10. Commercial Activities Prohibited.** The Subdivision is a residential community, and no commercial structures or activities are permitted within the Subdivision.

**9.11. Miscellaneous Visual Restrictions.** No clothes lines or clothes poles shall be erected, and no outside clothes drying is permitted, unless located to the rear of the principal dwelling structure. The personal property of residents shall be kept inside the dwelling or other structure, or within a fenced or walled-in yard, except for patio furniture and accessories, and other personal property commonly kept outside, which must be kept in a neat and good condition.

**9.12. Improvement Standards.** Each Tract shall be subject to the following mandatory standards, requirements, prohibitions and criteria for the design, construction and alteration of improvements to such Tract.

**(a)** No structure shall be located within one hundred (100) feet of a boundary line of a Tract. Provided, however, that the Building Review Board may grant variances to such set backs if the Building Review Board determines such variance is reasonably necessary in order to preserve a significant tree or other natural attribute of such Tract, or if the BRB determines that the topography of such Tract is such as to make compliance with such setback unreasonable. The BRB may require submission of such plans and supporting materials as it may deem necessary or useful in deciding whether or not to grant a variance. Any variance granted shall be in writing and in recordable form, and shall be recorded in the Public Records.

**(b)** Any dwelling or other structure shall have finished exterior walls of brick, stone, painted stucco, logs, painted or stained wood, or prefinished vinyl or aluminum siding, and a finished roof of fiberglass shingles, concrete, cedar shakes, tile or metal. Notwithstanding the foregoing, the BRB may

approve alternate materials for barns, garages and other outbuildings if the BRB determines such materials will present a consistent or complementary appearance to the primary dwelling or other structures located on a Tract. The BRB may condition such approval upon use of specific colors, restricted locations of such structure, and required landscaping or other screening, as the BRB may deem appropriate.

**(c)** No single family residential structure shall be constructed within the Subdivision having fewer than eighteen hundred (1,800) square feet of enclosed, air conditioned living area, exclusive of garages, open or screened porches, patios, balconies and terraces. Any such residential structure containing more than one story shall have no fewer than twelve hundred (1,200) square feet of such enclosed, air conditioned living area on the first floor.

**(d)** Natural drainage within the Subdivision shall be maintained and no Owner shall interfere with such drainage contours and patterns. All grading and development of a Tract shall be carried out in such a manner as not to interfere with natural drainage, and no Owner shall cause or permit any filling or grading of his Tract which would adversely affect and interfere with the natural drainage within the Subdivision. If any improvements or changes to a Tract results in a substantial increase in surface water run-off, such increase shall be retained and detained within that Tract in accordance with sound engineering principles and applicable governmental standards. Likewise, it is intended hereby that no Tract may be so improved or changed as to substantially interfere with natural drainage from other Tracts that flows onto or through such Tract.

**(e)** All garbage, trash and refuse containers, air conditioning units, oil or fuel tanks, bottled gas tanks, and permanently affixed swimming pool equipment and housing shall be underground or placed in areas attached or adjacent to structures, which areas are substantially enclosed or sheltered by solid or decorative walls (such as shadow block), decorative fences or landscaping, or a combination thereof, so that they shall be substantially concealed or hidden from eye-level view from any Road or adjacent property.

**(f)** All antennae, masts, satellite dishes, disks or other telecommunication sending or receiving devices shall be located to the rear of a principal dwelling on a Tract.

**(g)** At the time of the construction of a residential dwelling on each Tract, the Tract shall be landscaped in accordance with a detailed landscaping plan approved by the BRB, pursuant to Section 9.13, and thereafter the Tract's landscaping shall be maintained in good condition in accordance with the approved plan. The landscaping plan shall be prepared by a landscape architect, other appropriate design professional or landscaping installation company. The landscaping plan shall meet the following minimum criteria:

- (1) Maintenance of existing areas within the Tract containing significant trees and native habitats, in order to preserve the existing variety of natural appearance between and among the Tracts.
  - (2) The area lying within fifty (50) feet of the principal dwelling structure shall be sodded with grass as a lawn, with appropriate landscaping.
  - (3) Trees native to the area, such as oak, pine, sable palms, and myrtle, shall be maintained or planted appropriately in and about the Improvements to the Tract, including the principal dwelling, driveway, intersection of the driveway and a Road, and other focal points. Trees so planted or maintained may vary in size from saplings to fully grown.
  - (4) Portions of the Tract that are cleared areas not used for pasture shall be sodded or planted with ground cover.
  - (5) Pasture areas cleared of natural plantings shall be improved and seeded as appropriate for pasture.
  - (6) Appropriate irrigation as reasonably necessary to maintain landscaping pursuant to the approved plan.
- (h)** Each single family residential dwelling structure shall be designed, constructed and maintained with an enclosed garage as a part thereof, for a minimum of two cars, with the garage door opening to the side of the structure.
- (i)** At the time of initial construction of the driveway providing access to each Tract, such driveway shall be paved from the edge of the pavement of the abutting Road to the back of the swale and for such additional distance, not to exceed a total of 50 feet, as may be required by the BRB in its discretion taking into consideration the location and features of the Tract, surrounding property and any other factors deemed relevant. Such pavement shall be of concrete, asphalt, or other materials approved by the BRB.
- (j)** Fences that border a paved Road must be of a design, materials and location approved by the Building Review Board. The BRB may specify one or more standard designs, materials and locations so that fences bordering paved Roads shall be of a consistent or complementary appearance. For purposes hereof, a fence will be deemed to border a Road if it is parallel to the Road or substantially parallel, and is the fence on such Tract closest to the Road.
- (k)** Any crawl space between the finished grade of the Tract surrounding a structure and the first floor of the structure that is in excess of 32 inches

shall be enclosed.

**(l)** No Improvements or other construction upon, alterations to or use of, a Tract shall intrude upon or otherwise impact any wetland, or interfere with or disturb any required drainage boundaries, facilities or contours, or any buffer reflected on the ERP Plans, or be otherwise in violation of the ERP. Each Owner (and the Association with respect to areas within the Subdivision for which it is responsible for maintenance hereunder) shall comply with any seeding and grassing requirements reflected on the ERP Plans or required by the ERP. The Association and each Owner shall otherwise observe and comply with the terms of the ERP and respect the requirements reflected on the ERP Plans.

**(m)** In connection with the construction of any driveway onto a Tract, whether pursuant to Section 9.12(i) or otherwise, there shall be a culvert installed in the swale adjacent to or within the Road abutting such Tract, the size of which culvert shall be in accordance with a Table of Internal Culvert Sizes, prepared by Zoller, Najjar and Shroyer, Inc., and approved by SWFWMD, as submitted as part of the application for the ERP. A copy of such table shall be delivered to and held by the Association as part of its records.

**(n)** During the period of construction of improvements to a Tract, all construction debris shall be placed in a dumpster or other appropriate container maintained on the Tract, and the contents of such container shall be periodically removed therefrom and hauled to an appropriate destination. Such container and debris removal shall be maintained and carried out in compliance with any applicable governmental laws, rules, regulations or franchise agreements. The container or containers shall be of such size and number, and the debris hauled at such intervals, so as to provide adequate interim storage for all construction debris generated from the Tract.

**(o)** All utilities installed within a Tract by or on behalf of an Owner shall be underground, except as may be otherwise approved by the BRB, which shall only approve exceptions in circumstances in which strict enforcement of the underground requirement would prevent practical access to utilities, or result in a violation of other provisions of this Declaration.

**(p)** It is intended that the residential structures in the Subdivision be of an exterior design reflecting an appropriate degree of architectural features, interest and character, so that such homes are widely regarded as being of more value, and possessing greater appeal, than plain, unadorned rectangular buildings possessing little or no architectural interest or character, such as may commonly be found in entry level, inexpensive developments. In order to attain such goal, Owners are encouraged to use exterior designs prepared by architects or other design professionals, or to have plans reviewed by such professionals with modifications as appropriate. The BRB may, as part of its review under Section 9.13, require plans it finds to lack desired characteristics to be reviewed by an architect or other design

professional, and condition its approval on modification of the exterior design to incorporate recommendations by such design professionals."

**9.13. Construction Review.** No buildings, barns, garages, outbuildings, sheds or other structures, landscaping, sod, grass or other ground cover, borders, planters, irrigation systems, fences, walls, tennis courts, screen enclosures, pools, patios, solar energy device, decorative structures, containers or other installations, devices, equipment, or any other improvement on a Tract that will alter the appearance of the Tract or existing improvements thereto when viewed from adjacent Tracts or an adjacent Road, (collectively, the "Improvements") shall be constructed, reconstructed, altered, or installed until the design, materials and location thereof has first been approved in writing by the Building Review Board.

(a) Requests for BRB approval of proposed Improvements shall be in writing, shall be on such application form or forms as may be promulgated from time to time by the BRB, and shall be accompanied by such plans, specifications, site plans, drawings, samples and other materials as may be reasonably required by the BRB in order to evaluate the proposal. The BRB may waive formalities in the approval process. The BRB shall review and evaluate all applications within thirty (30) days after receipt of all such materials required, and either approve, disapprove or approve in part and disapprove in part.

(b) The BRB may issue a conditional approval of proposed Improvements, specifying that the proposed Improvements will be approved, provided the Owner agrees to specified conditions. Such conditions may include, but shall not be limited to, locating the proposed Improvements at a different location within the Tract, altering colors, materials or other features of the proposed Improvement, shielding or screening proposed Improvements with landscaping, fences, walls or other materials, modifying exterior design, or such other conditions as will, in the judgement of the BRB, make the proposed Improvements consistent with this Declaration, or that will minimize or eliminate any undesirable feature of the proposed Improvement.

(c) Failure of the BRB to approve or disapprove within thirty (30) days after receipt of all materials shall be deemed approval. If Improvements are made without BRB approval, and the BRB does not issue written disapproval thereof for a period of ninety (90) days after completion of such Improvements, then such Improvements shall be deemed approved.

(d) All Improvements shall comply with the mandatory provisions of Section 9.12 of this Declaration. In addition, the BRB may adopt and modify design, material and locational criteria and standards for proposed Improvements (the "Land Planning Guide"). The Land Planning Guide shall be deemed to include any mandatory or prohibitory provisions of this Declaration, including Section 9.12 hereof. The Land Planning Guide shall otherwise set forth matters subject to BRB review that are mandated, prohibited or approved, thereby establishing criteria that will assist Owners

and provide criteria for the BRB in its review and action upon an application. It is anticipated that the Land Planning Guide will be adopted for major elements under BRB consideration, as well as lesser items of a recurring nature. The fact that the BRB has not included a particular aspect of a proposed Improvement within the Land Planning Guide shall not preclude the BRB from taking that aspect into consideration in its review and approving or disapproving of it. Proposed Improvements which are in full compliance with elements of the Land Planning Guide that are comprehensive with respect to such proposal may be constructed or installed without necessity of formal BRB review and approval, but only if the Land Planning Guide so provide.

(e) The Building Review Board shall have broad discretion to approve or disapprove proposed Improvements, including the discretion to approve or disapprove on the basis of esthetics. The Land Planning Guide is to be a guide to the BRB, and even though an application may comply with all applicable provisions of the Land Planning Guide, the BRB is not obligated to approve if there are other features of the application of which the BRB does not approve. The BRB may approve of an application which does not comply in all respects with all applicable provisions of the Land Planning Guide if the BRB, in its sole judgment, determines that the proposed improvements in their entirety merit approval, and any deviation from the Land Planning Guide will not substantially, materially and adversely affect the Owners and occupants of the Subdivision.

(f) Unless the Board is acting as the Building Review Board, any Owner aggrieved by decision of the Building Review Board may appeal same to the Board, which shall hold a hearing within thirty (30) days, and either approve, disapprove or modify the decision of the Building Review Board.

(g) The BRB may adopt reasonable rules and regulations for the conduct of its authority, and the Board may establish reasonable fees for review by the BRB. The Association shall maintain records of all BRB proceedings, and shall furnish a certificate in recordable form upon the request of any Owner verifying the compliance or noncompliance of such Owner and his Tract with the construction review provisions of this Declaration.

(h) Neither Declarant, the Association nor the BRB shall have any responsibility for the design or quality of materials, construction or structural soundness of any Improvements, nor compliance thereby with any governmental codes or requirements. No liability relating to the construction of Improvements shall result from Declarant, the Association or the BRB reviewing and approving any proposed Improvements. Neither the Declarant, the Association or the BRB evaluates applications or proposals to determine whether same meet architectural or engineering standards, or comply with government codes and regulations, nor do they evaluate the quality of workmanship and materials.

**9.14. Maintenance of Tracts.** Each Owner shall maintain his Tract and

the Improvements located thereon in a good condition and state of repair. Once a Tract is cleared, the lawns and landscaped areas thereof shall be maintained in good condition.

**9.15. Right of Association to Maintain.** If an Owner fails to maintain any fence on his Tract bordering a Road in a good condition, or fails to maintain his Tract as required hereby, then after notice as herein provided, the Association may perform such maintenance. All costs of such maintenance shall be assessed to the particular Owner(s) and his or their Tract(s) as a Special Assessment. Until so collected, such costs shall be treated as a Common Expense. In proceeding under this Section, the Association shall employ the procedures hereinafter set forth:

(a) Upon finding by the Board of a deficiency in maintenance, the Board shall provide notice thereof in writing to the responsible Owner, briefly describing the deficiency and setting forth the action needed to correct the deficiency.

(b) If the Owner does not correct such deficiency within the earlier of twenty-five (25) days after mailing such notice, or twenty (20) days after receipt of such notice, then thereafter the Board may give notice to the Owner of the Board's intention that the Association shall perform such maintenance.

(c) Thereafter, the Association may effect such maintenance.

(d) All such maintenance by the Association shall take place only during daylight hours on weekdays, excluding holidays.

**9.16. No Further Subdivision.** No Owner may subdivide a Tract nor convey or create any other possessory interest in less than the entire Tract.

## ARTICLE 10 GENERAL PROVISIONS

**10.01. Enforcement.** The Association or any Owner shall have the right to enforce by proceedings at law or in equity all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration, including the right to prevent the violation of any such provisions and the right to recover damages for such violations; provided, however, that with respect to Assessments and Assessment liens the Association, on determination of the Board, shall have the exclusive right to the enforcement thereof. Provided further, no enforcement proceedings may be maintained by the Owners of fewer than two (2) Tracts. Failure of the Association or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

**10.02. Severability.** Invalidation of any part of this Declaration by a court of competent jurisdiction shall not affect any other provisions, which shall remain in full force and effect.

**10.03. Covenants.** The covenants, conditions, restrictions, easements and terms of this Declaration shall run with the land, bind all the property subject hereto and inure to the benefit of and be enforceable as provided above, for a term of 50 years from the date this Declaration is recorded, after which time this Declaration shall be automatically extended for successive periods of ten (10) years each, unless an instrument of termination has been signed by (a) the Owners of at least two-thirds of the Tracts and (b) mortgagees holding first mortgages encumbering fifty (50%) percent of all those Tracts encumbered by first mortgages has been recorded at least one (1) year prior to end of any such period. In such event, this Declaration shall be terminated upon the expiration of the fifty (50) year term or applicable ten (10) year extension during which such instrument was recorded.

**10.04. Construction.** This Declaration, the Articles and Bylaws, shall be liberally construed to give effect to their purpose of creating a plan for a quality single family residential community. Article and section headings have been inserted for convenience only and shall not be considered in interpretation or construction of the document. This Declaration, the Articles and Bylaws, shall be construed under the laws of Florida, and shall not be construed more strongly against any party regardless of the extent to which any party may have participated in the drafting thereof. Whenever the context of this Declaration, the Articles or Bylaws require, the singular shall include the plural and the plural the singular, and any one gender may refer to any other gender.

**10.05. Amendment.** This Declaration may be amended only in accordance with this Section.

(a) Prior to the Turnover Date, Declarant reserves the right to amend this Declaration, the Articles and Bylaws in any manner whatsoever, without the requirement of Association consent or the consent of any Owner or the mortgagee of any Tract.

(b) This Declaration may be amended at any time by the affirmative vote of Members owning two-thirds (2/3) of all Tracts in the Subdivision together with the approval or ratification of a majority of the entire Board. Provided, however, that at any time by a majority vote of the Members of the Association this Declaration may be amended where necessary to comply with regulations of the Veterans' Administration, the Federal Housing Administration, the Office of Interstate Land Sales Registration, the Federal National Mortgage Association, the Federal Home Loan Corporation, the Federal Home Loan Bank Board or other similar governmental agency. Anything contained in this Subsection to the contrary notwithstanding, no amendment adopted by the Members pursuant hereto shall be effective prior to the Turnover Date, except with the written consent of the Declarant.

(c) Any amendment approved pursuant to this Section 10.05 shall be approved an annual, regular or a special meeting called for that purpose, pursuant to written notice setting forth the proposed amendment or a summary of the changes to be effected thereby, such notice to be given within the time and in the manner provided for in the Bylaws. In lieu of voting in an annual, regular or special meeting as herein provided, amendments

may be approved in writing executed by the requisite number of Owners.

(d) Anything contained herein to the contrary notwithstanding, no amendment which abridges, impairs, prejudices, amends, alters or otherwise affects the rights, privileges, exemptions or priorities of the Declarant shall be effective until five (5) years after the Turnover Date, unless the Declarant consents thereto in writing.

(e) Anything contained in this Section to the contrary notwithstanding, no amendment of this Declaration, the Articles or Bylaws, which would affect the Surface Water Management System shall be effective without the prior approval of SWFWMD.

**10.06. Attorney's Fees.** If any action is instituted to enforce or construe the provisions of this Declaration, the party prevailing in such action shall be entitled to recover from the other party thereto as part of the judgment a reasonable attorney's fee and the costs of such suit. If the Association is a prevailing party in such action, the amount of such attorney's fees and costs shall be a Special Assessment with respect to any Tract and its Owner if such Owner was the non-prevailing party in such litigation.

**10.07. Declarant Provisions.** Declarant, for itself, and its designees, further reserves the right to erect temporary structures for use in its development business and otherwise to establish and use any part of the property covered hereby for the development, construction, marketing, promotion and sale of Tracts and improvements thereto. So long as Declarant owns any Tract of record, it may establish licenses, reservations, easements and rights-of-way in favor of itself, the Association, suppliers of utility and similar services and public authorities as may from time to time be reasonably necessary to the proper development and disposition of the Subdivision. In any instance where a structure has been erected upon a Tract, or the construction thereof is substantially advanced in a manner that violates the restrictions of this Declaration or in such a manner that same encroaches on any Tract line, easement area or setback, Declarant reserves the right to release the Tract from the restriction and to grant an exception to permit the encroachment by the structure so long as Declarant, in the exercise of its sole discretion, determines that the release, waiver or exception will not materially and adversely affect the health, safety and welfare of present and future Owners, the value of adjacent Tracts and the appearance of the Subdivision.

**10.08. Assignment by Declarant.** Declarant's rights hereunder may be assigned to any successor to all or any part of Declarant's interest in the Subdivision by express assignment incorporated in a deed or by separate instrument, and such Declarant rights shall inure to any mortgagee of Declarant who acquires title to undeveloped portions of the Subdivision by foreclosure or deed in lieu of foreclosure or to a successor Declarant acquiring title through foreclosure or from a mortgagee or other person acquiring title through such foreclosure or deed in lieu thereof. Declarant may designate in writing one or more successor Declarants as to portions of the Subdivision, which instrument shall detail the extent and nature of the rights of Declarant assigned thereby. After any such assignment is recorded among the Public Records, the assignee

shall stand in the place of Declarant as fully as if it had originally been the Declarant hereunder to the extent of the assignment described therein. Any mortgage of all or substantially all of the undeveloped portions of the Subdivision executed by Declarant or any successor to Declarant shall be deemed to carry with it a conditional assignment of such Declarant rights unless otherwise specified therein.

**10.09. Rights of Mortgagees.** The Association shall make available for inspection upon request, during normal business hours and under reasonable circumstances, this Declaration, the Article, Bylaws and the books, records and financial statements of the Association to Owners and the holders, insurers or guarantors of any first mortgages encumbering any portion of the Subdivision. Upon written request to the Association by such holder, insurer or guarantor (the "Listed Mortgagee") of a first mortgage encumbering a Tract, the Association shall provide such Listed Mortgagee with timely written notice of the following:

- (a) Any lapse, cancellation or material modification of any insurance policy or fidelity bond maintained by the Association;
- (b) Any proposed action which would require the consent of mortgagees holding a first mortgage encumbering a Tract; and
- (c) Any failure by an Owner owning a Tract encumbered by a mortgage held, insured or guaranteed by such Listed Mortgagee to perform his obligations under this Declaration, including but not limited to, any delinquency in the payments of Assessments, or any other charge owed to the Association by said Owner where such failure or delinquency has continued for a period of sixty (60) days.

Any Listed Mortgagee shall, upon written request made to the Association, be entitled to financial statements for the Association for the prior fiscal year free of charge and the same shall be furnished within a reasonable time following such request.

**10.11. Disclosures.** Declarant hereby makes the following express disclosure:

There are presently undeveloped lands adjacent to, and in the vicinity of, the Subdivision. Declarant discloses that, to the extent Declarant owns or acquires such lands, Declarant's present intention would be to develop such property at an average density not greater than that permitted under applicable land use regulations of the County, although in so doing, component parts of any such development may be of densities more or less than the average, and of design modalities that vary from those employed in this Subdivision, better to facilitate environmental preservation and preservation of wetlands and other topographical features. Each Owner, by acceptance of a deed to a Tract, acknowledges and agrees that he is fully aware of such disclosed intent and does not object to same, and that there has been no specific representation with respect to the development of such lands, that such lands may be developed by Declarant or anyone else for any and all lawful purposes, and that such Owner has not relied upon any

representation with respect to any specific development.

**IN WITNESS WHEREOF**, Declarant has caused these presents to be executed in its name by its general partner thereunto duly authorized as of the day and year first above written.

**ARTICLE 2.**  
**MEMBERS**

**2.01. Qualification.** Membership shall be determined in accordance with the Declaration.

**2.02. Change of Regular Membership.** Change of Regular Membership in the Association shall be established by the transfer of an ownership interest in a Tract in the Subdivision, whether by execution and delivery of a deed or other instrument or the occurrence or non-occurrence of an event that gives rise to such change in ownership. Upon the happening of such event, the Owner established by such circumstance shall thereupon become a Member of the Association and the membership of the prior Owner whose qualifying interest in such Tract has ended shall terminate. The Board may establish reasonable rules and regulations for the provision to it of appropriate notice and evidence of such change of ownership, including but not necessarily limited to, delivery to the Association of a copy of instruments evidencing such change. Until appropriate evidence of a change of ownership as may be reasonably required by the Association is furnished to it, the Association may rely upon its record of Members.

**2.03. Evidence of Membership.** There shall be no stock or membership certificates in the Association. Membership shall be determined by ownership of Tracts.

**ARTICLE 3.**  
**VOTING**

**3.01. Voting Rights.** The Regular Members who are the record Owner of each Tract shall be collectively entitled to one (1) vote for each Tract. If Regular Members own more than one Tract, they shall be entitled to one vote for each Tract so owned. A vote attributable to a Tract may not be divided. The Declarant Members shall be entitled to the number of votes provided for in the Declaration.

**3.02. Voting Procedure.** All determinations of requisite majorities and quorums shall be

BK 1535 PG 4599 60 of 70

made by reference to the total number of votes of Regular Members entitled to vote plus that number of votes, if any, to which the Declarant Members are entitled. Decisions of the Association shall be made by a simple majority of votes entitled to be cast by all Members represented at a meeting at which a quorum is present, unless a greater percentage is required by the Declaration, the Articles, these Bylaws or by law.

**3.03. Quorum.** A quorum shall exist when Declarant Members and Regular Members entitled to cast not fewer than thirty (30%) percent of all votes are present, either in person or by proxy.

**3.04. Designation of Voting Representative.** The right to cast the vote attributable to each Tract shall be determined, established and limited pursuant to the provisions of this section.

**3.04.01. Single Owner.** If a Tract is owned by one natural person, that person is entitled to cast the vote attributable to such Tract.

**3.04.02. Multiple Owners.** If a Tract is owned by more than one person, the person entitled to cast the vote attributable to such Tract shall be designated by a certificate signed by all of the Owners and filed with the Association. If no certificate designating a voting Member is on file with the Association, and only one of the Owners is present at a meeting, he or she may cast the vote for such Tract without concurrence of the other Owners. If two or more of the Owners are present, they may jointly cast the vote attributable to such Tract if they are able to agree on the manner of casting such vote, but if they are unable so to agree, their vote shall not be counted on any such matter, although the Tract may still be counted for purposes of a quorum.

**3.04.03. Life Estate.** If a Tract is owned as a life estate, the life tenant shall be entitled to cast the vote attributable to the Tract.

**3.04.04. Corporations, Partnerships and Limited Liability Companies.** If a Tract is owned by a corporation, partnership or limited liability company, the officer, partner, manager, member, employee or agent thereof entitled to cast the vote attributable to such Tract shall be designated by a certificate executed by an executive officer, all general partners, manager or managing member, as applicable, and filed with the Association.

**3.04.05. Trustees.** If a Tract is owned by trustees, the trustees shall be entitled to cast the vote. Multiple trustees shall be subject to the same provisions as multiple Owners. Trustees may by certificate executed by all trustees and filed with the Association designate a beneficiary as the person entitled to cast the vote.

**3.04.06. Estates and Guardianships.** If a Tract is subject to administration by a duly authorized and acting personal representative or guardian of the property, then such fiduciary shall be entitled to cast the vote attributable to such Tract upon filing with the Association a current certified copy of his letters of administration or guardianship.

**3.04.07. Leases.** If a Tract is leased, the Owner/Lessor shall be entitled to cast the vote attributable to the Tract, except that the Owner may designate a lessee as the person entitled to cast the vote attributable to the Tract by a certificate executed by all Owners and filed with the Association.

**3.04.08. Certificates.** Whenever a certificate designating a voting representative is permitted or required, such certificate shall, once filed, be valid until the earlier of any date specified therein or the revocation of such certificate in writing delivered to the Association.

BK 1535 PG 4601 62 of 70

**3.05. Approval or Disapproval of Matters.** Whenever the decision of an Owner is required upon any matter, such decision shall be expressed by the person who would cast the vote of such Owner at an Association meeting unless the joinder of record Owners is specifically required by the Declaration or these Bylaws.

**3.06. Proxies.** Votes may be cast in person or by proxy. A proxy shall be in writing, be dated, state the date, time and place of the meeting for which it is given, and be signed by the designated voting representative, or the Owner if no voting representative has been designated. A proxy shall be valid only for the particular meeting designated in the proxy, as the meeting may lawfully be adjourned and reconvened from time to time, and must be filed with the secretary of the Association before the appointed time of the meeting or any adjournments thereof. A properly executed and delivered proxy may be revoked by a writing delivered to the secretary prior to the appointed time of the meeting or any adjournments thereof, or by the attendance in person by the persons executing said proxy at any meeting or adjournment thereof. No one person may be designated to hold more than five proxies. In no event shall a proxy be valid for a period longer than 90 days after the date of the first meeting for which it was given.

**3.07. Method of Voting.** Subject to the provisions of the Declaration, voting may be by roll call, voice vote or by written ballot; provided, however, that whenever written approval is required by the Declaration, whenever an amendment to the Declaration is proposed, or when any borrowing of funds is proposed, the voting shall be by written ballot. Routine matters, such as approval of minutes, adjournment, acceptance of reports, parliamentary questions and social business, may be determined by "yea" and "nays;" provided, that any five voting Members or the chairman may require a roll call vote or vote by written ballot.

#### **ARTICLE 4. MEETINGS OF MEMBERS**

**4.01. Annual Meeting.** The annual meeting of the Members shall be held during the month of March of each year on a day and at a time determined by the Board; provided that notice pursuant to Section 4.03 is given at least 30 days prior to the date set for the annual meeting. The annual meeting shall be for the purpose of electing directors and transacting any other business authorized to be transacted by the Members.

**4.02. Special Meeting.** Special meetings may be called by the Board, the President, any vice president or Members entitled to cast not fewer than fifteen (15%) percent of the total number of votes.

**4.03. Notice of Meetings.** Notice of a meeting shall be mailed to each Member entitled to vote at such meeting at least 10 days and no more than 30 days prior to the meeting date. The notice shall specify the date, time and location of the meeting. The notice of all special meetings shall describe the purpose of the meeting, and business conducted at a special meeting is limited to the purposes described in the notice. Notice of the annual meeting need not include a description of the purposes unless required by the Declaration, these Bylaws or by law. Any listing of the purposes of a meeting will not limit the matters upon which the Members may act unless such notice is expressly required by the Declaration, these Bylaws or by law. Notices shall be in writing and shall be mailed or delivered to each Member at such Member's address as it appears on the records of the Association or as the Member may have otherwise directed in writing. A duplicate notice shall be furnished to the designated voting representative if such voting representative is not also an Owner. A single notice may be sent to multiple Owners listed on the records of the Association as having the same address. The notice for any meeting at which Assessments are to be considered and acted upon shall contain a statement of the nature of such Assessments and that such Assessments will be considered. Proof of such mailing or delivery of notice shall be given by affidavit or certificate of the person giving the notice. Notice of meetings may be waived in writing before, during or after meetings.

**4.04. Place.** Meetings of the Association shall be held at such place in Manatee County, Florida, as may be designated in the notice of meeting.

**4.05. Adjournments.** If any meeting cannot be organized because a quorum has not attended, the Members who are present, either in person or by proxy, may adjourn the meeting from time to time until a quorum is present; provided, however, the new date, time or place of the adjourned meeting must be announced at the meeting before the adjournment, failing which new notice must be given.

## **ARTICLE 5. DIRECTORS**

**5.01. Number.** The affairs of the Association shall be managed by a Board of not less than three (3) nor more than five (5) directors, the exact number to be determined by the Members from time to time prior to the annual election of directors. The Board shall at all times be comprised of an odd number of members. Until otherwise determined by the Members, there shall be three (3) directors.

**5.02. Election of Directors.** Directors shall be elected in the following manner:

**5.02.01. Annual Election.** Election of directors shall occur at the annual meeting. A nominating committee of not less than three Members may be appointed by the Board not less than 30 days prior to the annual meeting. The nominating committee, if appointed, shall nominate at least one person for each directorship. Other nominations may be made from the floor, a Member may self-nominate, and nominations for additional directorships, if any, created at the meeting shall be made from the floor.

**5.02.02. Procedure.** Election shall be by ballot, unless dispensed with by a two-thirds vote. Election shall be by a plurality of the votes cast, each person voting being entitled to cast his votes for each of as many of the nominees as there are vacancies to be filled. There shall be no cumulative voting.

**5.02.03. Declarant's Right to Appoint.** Prior to the Turnover Date, the election of directors shall be subject to the rights of the Declarant Members under Section 3.03 of the Declaration. Within thirty (30) days after the Turnover Date, at either an annual meeting or a special meeting called for such purpose, all Regular Members shall be entitled to elect at least a majority of the directors to replace those directors elected or designated by the Declarant, such directors to serve until the next annual meeting date. The Declarant shall be entitled to appoint or elect at least one member of the Board so long as the Declarant holds for sale in the ordinary course of business at least five (5%) percent of the Tracts in the Subdivision.

**5.02.04. Waiver By Declarant.** Declarant Members may waive their right to elect or designate any one or more directors, which waiver shall, however, apply only to the specific election at which such waiver is made. If the Declarant does waive such right, the Regular Members shall elect the member or members of the Board who would otherwise have been elected or designated by the Declarant. Such persons shall be subject to removal by the Declarant prior to the Control Date.

**5.03. Term.** The term of each director's service shall extend to the next annual meeting of the Members at which such director term expires, and thereafter until a successor is duly elected and qualified, or until he is removed in the manner elsewhere provided. The Declarant initially, and thereafter the Board, may establish director terms of more than one year so that the terms of the several directors shall be staggered to assure continuity. In no event shall a term of a director exceed three years, except for directors

elected or designated by Declarant. If staggered terms are implemented, all directors shall be elected to serve the same length of time, except that in the first election at which staggered terms are implemented, designated directorships may be established for shorter terms on a one time basis to establish the pattern of staggering.

**5.04. Removal.** Any director may be recalled and removed from office, with or without cause, by the vote of a majority of all Members or by the Declarant prior to the Turnover Date. A special meeting to recall a member of the Board shall be called upon a petition filed with the Board on behalf of Members entitled to cast twenty (20%) percent of the votes of all Members. The notice shall state the purpose thereof.

**5.05. Qualifications.** All directors shall be Members of the Association, except that directors elected or designated by the Declarant need not be Members. Officers, partners, members, managers, agents and employees of business entities that are Owners, or that serve as fiduciaries of Owners, shall be deemed Members for the purposes of qualifying for election to the Board.

**5.06. Vacancies.** Except as otherwise expressly provided herein, if the office of any director becomes vacant, whether by reason of death, resignation, removal, disqualification, incapacity, or otherwise, a majority of the remaining directors shall select a successor, who shall hold office until the next annual meeting. Provided, however, that prior to the Turnover Date any vacancies shall be filled by the Declarant.

**5.07. Disqualification and Resignation.** Any director may resign at any time by sending written notice to the secretary of the Association. Such resignation shall take effect upon receipt by the secretary, unless otherwise specified in the resignation. Any director who must be a Member shall be deemed to have resigned if he no longer has a requisite ownership interest in a Tract and ceases to be a Member. After the Turnover Date, more than three (3) consecutive unexcused absences from regular Board meetings shall be deemed an offer of resignation, which shall be effective only upon acceptance by the Board.

**5.08. Organizational Meeting.** The organizational meeting of a newly elected Board shall be held within ten (10) days of its election, at such place and time as shall be fixed by the chairman of the meeting at which they were elected.

**5.09. Regular Meetings.** The Board may, from time to time, establish a schedule of regular meetings to be held at such time and place as the Board may designate. Any regular scheduled meeting may be dispensed with upon written concurrence of not less than two-thirds of the members of the Board.

**5.11. Notice.** Notice of each regular or special meeting shall be given to each director personally or by mail, telephone, telegraph, or courier service, at least two (2) days prior to the meeting date. All notices shall state the time and place of the meeting and, if a special meeting, the purposes thereof. Any director may waive notice of a meeting before, during or after the meeting, and all such waivers shall be deemed equivalent to the giving of notice. Attendance by a director at a meeting shall be deemed a waiver of notice by such director. In addition, notice of all Board meetings must be posted in a conspicuous place in the Subdivision, or as an alternative to such posting, notice must be mailed or delivered to each Member at least seven (7) days before the meeting. **5.12. Quorum.** A quorum at any meeting of the Board shall consist of a majority of the entire Board. Actions approved by a majority of those present at a meeting at which a quorum is present shall constitute the action of the Board except where approval of a greater number is required by the Declaration or these Bylaws.

**5.13. Adjourned Meeting.** If at any meeting of the Board there shall be less than a quorum present at any time, or if a majority of those present determine an adjournment is appropriate for any other reason, then the majority of those present may adjourn the meeting. At any adjourned meeting any business which might have been transacted at the meeting as originally called may be transacted without further notice, provided the new date, time, or place of the adjourned meeting is announced before the meeting is adjourned..

**5.14. Joinder and Meeting by Approval of Minutes.** The joinder of a director in the action of a meeting by signing and concurring in the minutes thereof shall constitute the concurrence of such director for the purpose of determining requisite majorities on any action taken and reflected in such minutes, or to create a quorum. Directors may join in minutes under this section only after an open meeting.

**5.15. Meetings Open.** Meetings of the Board shall be open to all Members; provided, however, any meeting between the Board and its attorney with respect to proposed or pending litigation where the contents of the discussion would otherwise be governed by the attorney-client privilege may not be open to Members. Any Owner may tape record or videotape meetings of the Board or the Members, subject to reasonable rules adopted by the Board governing the taping of such meetings.

**5.16. Voting.** Directors may not vote by proxy or by secret ballot, except that Directors may vote by secret ballot for the election of officers.

**5.17. Presiding Officer.** The presiding officer at Board meetings shall be the President. In the absence of the President, the Vice President shall preside. In the absence of both, the directors present shall designate one of their members to preside.

**5.18. Director's Fees.** Directors shall serve without compensation but may be reimbursed for reasonable out-of-pocket expenses according to policies adopted from time to time by the Board. This provision may be amended only by a vote of seventy-five (75%) percent of all Members and, prior to the Turnover Date, the written consent of the Declarant.

**5.19. Application to Committees.** The quorum, notice and other procedural requirements of Sections 5.11 through 5.16, inclusive, shall be applicable to all committees of the Association.

BK 1535 PG 4605 66 of 70

**6.02. Enforcement and Fines.** The Board shall enforce by legal means provisions of the Declaration, the Articles, these Bylaws and rules and regulations promulgated pursuant thereto. If the Board determines that any Member, or the tenant, guest or invitee of a Member, is in violation of any of the provisions thereof, the Board, or an agent designated for that purpose, shall notify the Member of the nature of the violation. If said violation is not corrected within the time specified therein, which time shall be not less than five (5) days, the Association may thereafter levy a fine for each offense against the Member in accordance with this section.

**6.02.01. Amount.** The amount of such fine shall be in such reasonable amount as may be established from time to time by the Board as an amount deemed adequate to encourage observance of applicable provisions of the Declaration, Articles, Bylaws and rules and regulations, but in no event to exceed any then applicable maximum amount per violation established by applicable Florida Statute ( The maximum fine per violation as of the date of adoption of these Bylaws is \$50, as prescribed by Section 617.305(2), Florida Statutes 1995). Each day during which the violation continues shall be deemed a separate offense.

**6.02.02. Hearing.** No fine shall be imposed upon a Member without first giving such Member at least fourteen (14) days notice and an opportunity for a hearing before a committee (the "Compliance Committee") consisting of at least three (3) Members appointed by the Board. Members of the Compliance Committee may not be officers, directors or employees of the Association, nor the spouse, parent, child, brother or sister of an officer, director, or employee of the Association.

**6.02.03. Procedure.** The notice required by Section 6.02.02 may be combined with the notice given by or under the authority of the Board to notify the Member of the nature of the violation. The notice required by Section 6.02.02 shall set out the right of the Member to a hearing before the Compliance Committee, the procedure and time limit for the Member to request a hearing, and either the date, time and place of such hearing or that if the Member requests a hearing, the Member shall be given further notice of the date, time, and place of the hearing. If the Member does not request a hearing within the fourteen (14) days following notice, then the Compliance Committee may meet at any time thereafter without further notice to the Member, but shall comply with the notice provisions of Section 5.18 of these Bylaws.

**6.02.04. Committee Decision.** Compliance Committee shall meet and hold a hearing if one has been timely requested by the Member. At the conclusion of the hearing, if one has been requested, or during the meeting if no hearing is held, the Compliance Committee shall either approve or disapprove of the proposed fine. No fine may be imposed unless the Compliance Committee has approved of it.

**6.02.05. Fine.** Any fine approved by the Compliance Committee shall be assessed by the Board as a Special Assessment against the Member and shall constitute a lien upon the Tract of such Member and may be foreclosed by the Association in the same manner as any other lien. Provided, however, that no fine may be levied in any event against the Declarant.

**6.03. Budgets and Assessments.** The Board shall levy Assessments and adopt budgets, and use and expend Assessments and other receipts of the Association to carry out the powers and duties of the Association pursuant to the Declaration and these Bylaws.

**6.04. Employment.** The Board may employ, dismiss, control and contract for personnel and contractors for the administration of the Association and the carrying out of the Association's

**6.05. Rules and Regulations.** To adopt, amend and rescind reasonable rules and regulations relating to the administration of the Association and the use of easements provided in the Declaration. Any rules or regulations adopted by the Board may be supplemented, amended, or rescinded by affirmative vote of the Owners of not less than two-thirds of the Tracts in the Subdivision. Any rules or regulations approved by the Owners shall not thereafter be amended or rescinded except upon affirmative vote of the Owners of not less than two-thirds of the Tracts in the Subdivision.

**6.06. Committees.** The Board may create and disband such committees as the Board may from time to time determine as reasonably necessary or useful, and may delegate such authority to such committees as may be reasonable in connection with the purpose. All committees shall keep records and conduct meetings in the same manner, to the extent applicable, as is required of the Board. Nothing contained herein shall restrict the authority of the President of the Association from appointing advisory committees not inconsistent with committees created by the Board.

The assistant secretary, if such office is created, shall perform the duties of the Secretary when the Secretary is absent and assist the Secretary. The minutes of all meetings of the Members and the Board shall be kept in books available for inspection by Members or their authorized representatives, at any reasonable time. All such records shall be retained for not less than seven years.

**7.05. Treasurer.** The Treasurer shall have custody of all of the property of the Association including funds, securities and evidences of indebtedness. He shall keep the books of the Association in accordance with generally accepted accounting principles. **7.06. Compensation.** The compensation of all employees of the Association shall be fixed

by the Board. Officers shall serve without compensation but may be reimbursed for out-of-pocket expenses according to policies adopted from time to time by the Board. **7.07. Term.** All officers shall hold office until their successors are chosen and qualified.

**7.08. Indemnification.** Every Director and every Officer of the Association shall be indemnified by the Association against all expenses and liabilities, including attorney's fees reasonably incurred by or imposed upon him in connection with any proceeding to which he may be a party, or in which he may become involved by reason of his being or having been a director and officer of the Association, whether or not he is Director or Officer at the time such expenses are incurred, except in such cases when the Director or Officer is adjudged guilty of willful misfeasance or malfeasance in the performance of his duties. The foregoing right of indemnification shall be in addition to and not exclusive of all the rights to which such Officer or Director may be entitled.

The fiscal management of the Association shall be as set forth in the Declaration and this Article.

**8.01. Accounting.** Receipts and expenditures of the Association shall be credited and charged to such accounts as the Board, in consultation with its accountants, shall from time to time determine to be necessary, reasonable or appropriate, and as shall be required by applicable law.

**8.02. Budget.** The Board shall adopt a budget for each fiscal year which shall include the estimated revenues and expense (including any reserves established in accordance with the Declaration) for the year, and the estimated surplus or deficit as of the end of the year immediately preceding the budget year.

**8.03. Assessments.** Regular Assessments shall be made in advance on or before December 20 preceding the fiscal year for which the Assessment is made. Such Assessment shall be due annually in advance on the date established by the Board, or at the discretion of the Board, in such installments as the Board may determine, payable at the times the Board determines. If a Regular Assessment is not made timely, an Assessment shall be presumed to have been made in the amount of the last prior Regular Assessment, which Assessment may be adjusted at such time as the Board levies and establishes the annual Assessment. If the Regular Assessment proves to be insufficient, the Board may levy Special Assessments from time to time as may be necessary, subject to such approval of Members as may be required by the Declaration. Other Special Assessments as contemplated by the Declaration may be levied by the Board from time to time, with such approval of the Members as may be required by the Declaration. Failure of the Board to adopt a budget or to levy an Assessment in a timely manner shall not affect the validity of an Assessment when adopted, and if necessary the Board may confirm or levy a Regular Assessment retroactive to the beginning of the then current fiscal year.

**8.04. Acceleration of Assessments.** The Board may elect to accelerate remaining installments of Regular or Special Assessments payable in installments upon default in payment thereof, and such Assessments shall stand accelerated ten (10) days after notice is delivered to or received by the delinquent Owner, or twenty (20) days after mailing of such notice by certified or registered mail, whichever first occurs.

**8.05. Expenditures.** All funds of the Association shall be expended only upon

authorization of the Board. Approval of a budget shall be deemed authority to expend funds for the items and categories of items within the budget.

**8.06. Any copy requested shall be furnished within ten (10) business days after receipt of the request. Such reports shall consist either of (i) financial statements presented in conformity with generally accepted accounting principles, or (ii) a financial report of actual receipts and expenditures, cash basis, which report must show the amount of receipts and expenditures by classification, and the beginning and ending cash balances of the Association. No report need be audited by a certified public accountant, unless the Board determines otherwise.

**8.08. Fidelity Bonds.** Fidelity Bonds shall be required by the Board for all persons handling or responsible for the Association's funds. The amount of such bonds shall be determined by the Board. The premiums on such bonds shall be paid by the Association as a Common Expense.

#### **ARTICLE 10. AMENDMENT**

**GRANT OF VARIANCE AND APPROVAL OF IMPROVEMENT**

**THIS AGREEMENT** is made this 20 day of December, 2007, by and between Foxwood at Panther Ridge Homeowners' Association, Inc. (hereinafter the "Association") and Marina Herbert-Schwarz, as Trustee of the Marina Herbert-Schwarz Trust under that certain Agreement dated April 11, 2002, the owner of Tract # 24 (hereinafter the "Owner") located in Foxwood at Panther Ridge.

**WITNESSETH:**

**WHEREAS**, the Owner is the legal title holder of Tract # 24 located in Foxwood at Panther Ridge (hereinafter the "Community"); and,

**WHEREAS**, the Association has been established for the operation of Foxwood at Panther Ridge, a community, in accordance with the Declaration of Protective Covenants for Foxwood at Panther Ridge, which was recorded in Official Records Book 1535, Page 4540 et seq., of the Public Records of Manatee County, Florida, and all exhibits and amendments thereto (collectively, the "Declaration"); and,

**WHEREAS**, the Owner has requested permission to construct an eight foot (8') by twenty-four foot six inch (24'6") by five foot four inch (5'4") L-shaped equipment enclosure to be constructed of block, covered with stucco and then painted (hereinafter the "Improvement"), and has provided the Association with a complete set of all plans for the Improvement, which plans have been attached hereto as Exhibit "A"; and,

**WHEREAS**, the parties acknowledge that the requested Improvement will require an eight foot (8') variance to the one hundred foot (100') setback requirement set forth in Article 9.12(a) of the Declaration; and,

**WHEREAS**, the Association's Building Review BRB (the "BRB") is authorized to grant variances, as provided in Section 9.12(a) of Article 9 of the Declaration; and,

**WHEREAS**, the BRB has agreed to grant a variance and thereby approve the Improvement, upon compliance with the terms and conditions set forth herein; and,

**WHEREAS**, all references to the rights and authority of the Association under this Agreement shall be exercised by the Association's BRB.

**NOW, THEREFORE**, in consideration of the BRB granting a variance and approving the Improvement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the Association and the Owner, the parties hereto agree as follows:

1. The above recitations are true and correct, and incorporated herein. All initially capitalized terms not defined herein shall have the meanings set forth in the Declaration.
2. The Owner shall comply with all provisions of the Association's Declaration in connection with the installation of the Improvement, including, all other Rules and Regulations promulgated by the BRB or the Association Board of Directors currently in effect or as same may be amended from time to time.

3. Owner agrees to be responsible for all costs and expenses incurred in connection with the installation, maintenance, repair, replacing and insuring of the Improvement. Owner shall also be responsible for obtaining, at his/her/its sole cost and expense, all necessary permits and approvals and agrees to adhere to any and all other procedures necessary for the construction and installation of the Improvement described herein, by all City, County, State, or other governmental entities having jurisdiction, including, but not limited to, compliance with all applicable building codes.

4. The Owner shall be responsible for the acts of his/her/its contractor(s) and must register his/her/its contractor(s) with the Association, as may be required by the Association, in order for access to be provided into the Community. The Owner is responsible for making appropriate arrangements with his contractor(s) to obtain access onto the Owner's Tract, as necessary. The Owner shall be responsible to insure that his/her/its contractor(s) comply with all Rules and Regulations governing construction activities including, but not limited to, compliance with permitted working hours. Owner agrees that the installation of the Improvement shall not unduly interfere with the peaceful enjoyment of the residents of the Community.

5. Owner agrees to engage only licensed and insured contractors for the installation or construction of the Improvement, and to furnish the Association with copies of such licenses and proof of insurance prior to the installation of the Improvement, as may be required.

6. Owner agrees to indemnify, defend and hold harmless the Association, its Directors, Officers, agents, employees, and all Members of the Association and their tenants, guests and invitees from and against any and all claims, damages, losses, actions, judgments, costs, and expenses of any nature whatsoever, including but not limited to attorney's fees at both the trial and appellate levels, arising out of the construction, installation or existence of the Improvement and/or breach of any of the representations set forth herein or of any provisions of this Agreement.

7. Owner agrees to be responsible for any damages to his Tract, the Common Property or other Tracts within the Community arising from the installation, construction or existence of the Improvement and shall immediately repair such damages at his sole cost and expense. If Owner should fail to repair such damages within the time period requested by the Association, Owner shall be deemed to be in default under the terms and provisions of this Agreement and the Association may make such repairs as the Association shall deem appropriate, in its sole discretion, and the cost thereof shall be assessed against Owner's Tract and the Association, in addition to all other remedies provided for by law, may file a Claim of Lien and, if necessary, institute foreclosure proceedings to secure payment of all sums secured by the Claim of Lien.

8. The Association's approval of the Improvement shall in no way be constructed to impose a duty on the Association with respect to quality of the construction or installation of the Improvement nor compliance with the approved plans. Further, the Association's approval shall not constitute a warranty or representation to the Owner or any other person as to the safety, soundness or workmanship of the Improvement or compliance with governmental or industry codes or standards nor shall the Association have any liability for failure of the Improvement to meet its intended purpose.

9. It is expressly understood and agreed by Owner that this Agreement shall be binding upon Owner and his/her/its heirs, successors in interest, and assigns, and shall be a condition implied in any conveyance or other instrument affecting title to the Owner's Tract.

10. Owner will be responsible for reasonable attorney's fees and costs incurred by the Association in enforcing any provisions of this Agreement, including, but not limited to, fees and costs incurred in any appeals.

11. The duties and rights imposed by this Agreement and the rights and remedies available hereunder shall be in addition to and not a limitation upon any duties, obligations, rights and remedies otherwise imposed or available by law. The partial or complete invalidity of any of the provisions of this Agreement shall not affect the validity or continuing force and effect of any other provisions.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year set forth above.

Subject: Variance to 100-foot setback for an Equipment Enclosure lot #43

Please accept this document as our formal request for an 8-foot variance to the 100-foot setback that will permit an L-shaped block, stuccoed and painted Equipment Enclosure to block the view of our existing equipment pads and upcoming generator, a/c and well equipment.

This enclosure and its location are further detailed below. Please note that the builder's quote is for the enclosure to be six feet in height. We have modified that to be approximately 5 ft. 4 in. above the existing slab, which should preserve the window line while covering as much of the equipment as possible. This height is approximated by a blue line in the second photo below. We will paint the remaining visible portions of the equipment the same color as the home and barn unless painting would cause a voiding of warranty or other similar and significant problems.

It is our understanding that a standard variance form does not exist and that language will need to be drafted, which in turn may be used as a standard for future variance filings. We agree to pay a reasonable cost for the preparation of the proposed variance and recording. However, we do ask that the cost be specific to our variance. If additional hourly billings are incurred by creating a "more global and all encompassing form" for future use, we ask that the association absorb the cost of the additional billing. In order to be as economical as possible, we will also gladly record the document ourselves and provide certified copies.

Please note that the builder will be stuccoing and painting the barn within the next few days and a quick decision will be greatly appreciated. Thank you for your consideration.

**SHARED RIGHTS AGREEMENT  
(FOXWOOD – PRESERVE)**

**THIS SHARED RIGHTS AGREEMENT** (the “Agreement”) is made and entered into as of the 10<sup>th</sup> day of March, 2004, by and between **FOXWOOD AT PANTHER RIDGE HOMEOWNERS’ ASSOCIATION, INC.**, a Florida corporation not-for-profit (the “Foxwood Association”), and **PANTHER RIDGE COMMUNITIES, LTD.**, a Florida limited partnership (the “Declarant”).

**WITNESSETH**

**WHEREAS**, Declarant previously established a residential subdivision known as Foxwood at Panther Ridge (“Foxwood”), and has established a residential subdivision known as The Preserve at Panther Ridge (the “Preserve”); and

**WHEREAS**, Foxwood is subject to the Declaration of Protective Covenants for Foxwood at Panther Ridge, as recorded in O. R. Book 1535, Page 4540, of the Public Records of Manatee County, Florida, as amended and supplemented (the “Foxwood Declaration”); and

**WHEREAS**, The Preserve is subject to the Declaration of Protective Covenants for The Preserve at Panther Ridge, as recorded in O. R. Book 1585, Page 1541, of the Public Records of Manatee County, Florida, as amended and supplemented (the “Preserve Declaration”); and

**WHEREAS**, Foxwood and the Foxwood Declaration are administered by the Foxwood Association; and

**WHEREAS**, The Preserve and the Preserve Declaration are administered by the Preserve Community Association, Inc., a Florida corporation not for profit (the “Preserve Association”); and

**WHEREAS**, the Preserve Declaration provides, in Section 5.07 thereof, that Declarant may grant Shared Rights (hereinafter defined) in any of the Common Property of the Preserve to the owners and residents of other subdivisions and communities, including Foxwood; and

**WHEREAS**, Declarant, prior to the Completion Date (as defined in the Preserve Declaration, and as applicable to the Preserve) offered to Foxwood and the Foxwood

Association, Shared Rights in certain Shared Facilities (hereinafter defined) within the Preserve, as hereinafter described, and the Foxwood Association wishes to acknowledge acceptance of such offer; and

**WHEREAS**, the parties are unable to locate the original executed agreement setting out the grant of Shared Rights and the terms thereof, and accordingly wish to execute this Agreement, in order to confirm the grant and terms; and

**WHEREAS**, the parties therefore are executing this Agreement to confirm the grant and the terms and provisions by which Shared Rights in such Shared Facilities within the Preserve were extended to Foxwood;

**NOW, THEREFORE**, in consideration of the premises, it is agreed as follows:

**1. Recitals and Definitions.** The recitals contained hereinabove are true and correct and are incorporated herein by reference. Capitalized terms used in this Agreement shall, unless otherwise expressly defined herein, have the meanings given them in the Foxwood Declaration or the Preserve Declaration, as applicable. For the purposes of this Agreement, the following terms shall have the following meanings:

(a) **“Participating Association”** means an Association responsible for operating a Participating Subdivision.

(b) **“Participating Subdivision”** means a community whose Residents have Shared Rights in a Shared Facility.

(c) **“Prorata Share”** means, with respect to each Shared Facility and Participating Association, a fraction, the numerator of which is the number of Lots in the Participating Subdivision administered by such Participating Association, and the denominator of which shall be the total number of lots in all Participating Subdivisions.

(d) **“Residents”** means the owner of any Lot (which term shall, for the purposes of this Section, include a lot, condominium, or cooperative unit or other residential parcel) within a Participating Subdivision, or such owner’s tenant if his lot is leased and the members of such person’s family, and their respective invited guests.

(e) **“Shared Expense”** means the total cost and expense of operating, administering and maintaining a Shared Facility.

(f) **“Shared Facility”** means a designated recreational or other facility or amenity located in a Participating Subdivision, in which Shared Rights are granted to Residents of other Participating Subdivisions.

BK 1907 PG 5422 2 of 7

(g) **“Shared Rights”** means the right of Residents of Participating Subdivisions to use, in common with Residents of other Participating Subdivisions, a Shared Facility.

2. **Shared Facilities.** Within the Preserve there is an area of a width of 200 feet adjacent to the outer perimeter of the Preserve, which areas are defined in the Preserve Declaration as “Buffer Areas.” Within the Buffer Areas, there are equestrian trails (the “Preserve Equestrian Trails”). In addition, Declarant certain pedestrian trails are located within the Buffer Areas (the “Preserve Pedestrian Trails”). The Foxwood Residents are hereby granted Shared Rights with respect to the Preserve Equestrian Trails and the Preserve Pedestrian Trails, each of which is a Shared Facility. The Shared Rights hereby granted are non-exclusive, and shall be subject to the terms and conditions of this Agreement.

3. **Maintenance of Preserve Equestrian Trails.** In consideration of the Shared Rights granted hereby, the Foxwood Association shall be responsible for and pay the Shared Expense with respect to the Preserve Equestrian Trails, and shall keep same in a good condition throughout the term of this Agreement. If Shared Rights in the Preserve Equestrian Trails are granted to the Residents of any other Participating Subdivision(s), then during such time as Foxwood and such other Participating Subdivision(s) have such Shared Rights, the Foxwood Association and the Participating Association(s) shall each pay a Prorata Share of the Shared Expense of the Preserve Equestrian Trails. All Shared Expenses payable by the Foxwood Association shall be a Common Expense thereof. It is acknowledged and agreed that the Preserve Association is not a Participating Association with respect to the Preserve Equestrian Trails.

4. **Method of Carrying Out Maintenance.** The Foxwood Association (and any other Participating Associations) shall carry out the responsibility of maintaining the Preserve Equestrian Trails by causing such maintenance and repairs to be implemented from time to time as may be necessary. Foxwood Association shall have the reasonable right of entry onto the Buffer Areas of the Preserve in order to carry out such maintenance responsibilities. The Foxwood Association hereby indemnifies and agrees to hold harmless the Preserve Association from and against any and all claims, demands, costs, expenses, damages and penalties which at any time may be asserted against the Preserve Association arising out of the use and exercise of the Shared Rights by the Foxwood Residents, or with respect to the carrying out of the Foxwood Association’s maintenance responsibilities pursuant hereto. Such indemnification shall include all costs of defense of the Preserve Association, including reasonable attorney’s fees.

5. **Failure to Maintain.** Notwithstanding the Foxwood Association’s obligation to directly maintain the Preserve Equestrian Trails, if, in the reasonable opinion of the Preserve Association, the Foxwood Association has failed so to maintain the Preserve Equestrian Trails, and does not correct such maintenance deficiency within thirty (30) days after notice thereof from the Preserve Association, or if such

BK 1907 PG 5423 3 of 7

matter be something that cannot be completed within such time, does not commence to correct such lack of maintenance within such 30 day period and thereafter proceed diligently and to conclusion to correct such maintenance deficiencies, then and in that event, the Preserve Association may, but is not obligated to, effect such maintenance. If the Preserve Association does carry out any such maintenance, then the Foxwood Association shall reimburse the Preserve Association all of its reasonable costs incurred with respect thereto, together with interest thereon at the maximum rate permitted by law until repaid.

**6. Reciprocal Rights in Foxwood Facilities.** The Preserve Residents are hereby granted Shared Rights in all Pedestrian Trails within Foxwood (the "Foxwood Pedestrian Trails"). In consideration of the reciprocal rights in the Foxwood Pedestrian Trails and the Preserve Pedestrian Trails, the Foxwood Association shall not be required to contribute to the maintenance costs of the Preserve Pedestrian Trails, and the Preserve Association shall not be required to contribute to the maintenance costs of the Foxwood Pedestrian Trails.

**7. Joint and Several Liability.** With respect to the obligation for the Shared Expense of the Preserve Equestrian Trails, the Foxwood Association shall be jointly and severally liable therefore with the other Participating Association(s), if any. While as between and among the Foxwood Association and any other Participating Association(s), each shall be responsible for a Prorata Share as above provided, the Foxwood Association shall nevertheless have responsibility for the entire Shared Expense, if and to the extent (a) there is at the time no other Participating Association, or (b) any other Participating Association does not pay its Prorata Share. If the Foxwood Association (or any Participating Association) is required to and does pay more of the Shared Expense than its Prorata Share, the Participating Association making such additional payment shall be entitled to recover any amounts otherwise payable by a defaulting association from such defaulting association, together with all costs of enforcement, including reasonable attorney's fees.

**8. Regulation of Use.** Use of the Preserve Equestrian Trails and the Preserve Pedestrian Trails by the Foxwood Residents shall be subject to the reasonable, non discriminatory rules and regulations with respect thereto promulgated from time to time by the Preserve Association. Likewise, use of the Foxwood Pedestrian Trails by the Preserve Residents shall be subject to the reasonable, non discriminatory rules and regulations promulgated with respect thereto from time to time by the Foxwood Association.

**9. Termination.** The Foxwood Association may terminate this Agreement by notice to the Preserve Association, but in such event the Foxwood Association shall remain responsible for any maintenance or repair needed for the Preserve Equestrian Trails as of the date of termination. The Preserve Association may terminate this Agreement by notice to the Foxwood Association if the Foxwood Association fails to reimburse the Preserve Association for Maintenance Costs expended by it pursuant to Paragraph 5 within 90 days after notice to reimburse has been received by the Foxwood

Association. In the event of termination by the Preserve Association, the Foxwood Association shall remain responsible for any maintenance or repairs reasonably determined to be necessary as of the effective date of termination.

**10. Other Facilities Not Included.** This Agreement does not grant Shared Rights in any other facilities within either Foxwood or the Preserve, and is limited solely to the Preserve Equestrian Trails, Preserve Pedestrian Trails, and the Foxwood Pedestrian Trails. Without limiting the generality of the forgoing, this Agreement does not grant the Foxwood Residents any right to use the Community Park within the Preserve, nor does it grant to the Preserve Residents any right to use the Foxwood Park.

**11. Acceptance of Facilities.** The Preserve Equestrian Trails, Preserve Pedestrian trails, and Foxwood Pedestrian Trails are and shall remain substantially in their natural state, with only minimal clearing and other improvements to facilitate their use. They should be used only by persons of such age, maturity, judgment and experience as may be appropriate for their nature. Each person using such facilities must acknowledge that they are essentially trails through an area left largely in its natural state, and accept whatever risks may be involved with the use thereof.

**12. Attorney's Fees.** Should any party employ and attorney or attorneys to interpret or enforce any of the provisions of this Agreement, or to protect its interest in any matter involving, arising out of, or otherwise relating to this Agreement, or to recover damages for the breach of this Agreement, the party prevailing shall be entitled to recover from the other party or parties all reasonable fees, costs, charges and expenses, including but not limited to, attorney and legal assistant fees, expended or incurred in connection therewith from the initial request for redress through trial, appeal, and collection.

**13. Arbitration.** Any dispute or claim arising out of or relating to this Agreement shall be resolved by binding arbitration. The arbitration of any dispute or claim shall be conducted in accordance with the American Arbitration Association ("AAA") rules as modified by this Agreement and will take place in Bradenton, Florida unless the parties mutually agree to hold the proceedings elsewhere. An Arbitrator may not award relief in excess of or contrary to what this Agreement provides. Any arbitration shall be confidential and neither party may disclose the existence, content, or results of any arbitration, except as may be required by law or for purposes of enforcement of the arbitration award. Judgment on any arbitration award may be entered in any court having proper jurisdiction. All administrative fees and expenses shall be divided equally between the parties but each party shall bear the expense of its own counsel, experts, witnesses, and preparation and presentation of evidence at arbitration.

**14. Miscellaneous.** This Agreement contains the entire agreement of the parties with respect to the subject matter hereof, superceding all prior representations, understandings and agreements with respect thereto. This Agreement shall be

construed under the laws of Florida, and shall not be construed more strongly against any party, regardless of the extent to which such party may have participated in the preparation hereof. The singular shall include the plural and the plural the singular, and any one gender shall include all genders, as the context may require. The Preserve Association shall be a beneficiary of this Agreement, and is entitled to the benefits hereof and may enforce the obligations of the Foxwood Association hereunder to the same extent as though the Preserve Association were a signatory hereto. This Agreement, and the rights hereunder, may not be assigned by either the Foxwood Association or the Preserve Association except to a successor entity responsible for the administration of Foxwood or the Preserve, as applicable. This Agreement may be executed in counterparts, which may be combined to constitute a single document.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed as of the date and year first above written.
